Have Home-cooked  
Waffles--Good as a  
Chef Can Make

Your wife, your mother, your sister can make waffles at their best with the Griswold Waffle Iron.

Failure will be out of the question, because the thick, heavy pans of the Griswold distribute heat evenly.

Tance, Griswold-baked waffles are uniform—a rich, golden brown—neither scorched nor doughy.

Hot, crisp and light, smothered with powdered sugar or maple syrup, they tempt every member of the family.

"Obey that impulse"—order today a deep ring waffle iron designed for gas range use, price one dollar. You can range cake griddles at same price. Those Remor reflector gas heaters are going fast—they turn cold to comfort.

# FACTORY LEAGUE IN BASKETBALL

Thirteen Teams in New League Formed Here—Players Must be Employed by the Shops They Represent—Games Saturday Nights at Y. M. C. A.

The Factory Basketball league, with thirteen teams in it, has just been formed here, and is all in shape to get into action on Saturday night, when the first of its schedule will be played at the Y. M. C. A. gymnasium, who his to be the battle ground for all the games. The teams which open the ball are McCrum-Howell company vs. Hopkins & Allen, Ponemah mills vs. U. S. Finishing company, Martin vs. I. T. Co. and Porter & Co. vs. Totokett Hose Co.

The rules provide that games shall be played in the Y. M. C. A. gym on Saturday nights four games to a night and shall consist of two 15-minute halves. The first game to be called at 7 p. m., the second at 7:15, the third at 8, and the fourth at 8:15. Failure to appear on the floor inside of ten minutes of the scheduled time forfeits the game.

All disputes or complaints must be made before the captains, who can be called together at the request of three teams or by the physical director of the Y. M. C. A.

The A. A. U. rules will govern all games, and each team enters the league with the understanding that their entering the league is a token that all their players are amateurs and that they will live up to the spirit of the amateur in all the games that are played.

There is a suitable prize to be given the team winning first and second place.

For the purposes of making up the schedule the thirteen teams have each been numbered as follows, and the schedule made by the corresponding numbers: 1, McCrum-Howell Co.; 2, Hopkins & Allen Arms Co.; 3, Ponemah Mills Co.; 4, United States Finishing Co.; 5, J. Two for the Lightweights.

For the last game of the season the Lightweights went to Montville Sunday, December 3.

Although greatly outweighed by their opponents, the Lightweights, by their superior knowledge of the game and

their numerous trick plays, had the Montville boys guessing at all stages of the game.

The Lightweights succeeded in rolling up 17 points against their opponents. The same teams met on the Cranbury Sunday, and the Montville boys were walloped to the tune of 41 to 0.

This score was the largest made on the Cranbury this season, and was made possible by the great work of the Lightweight backfield, Super, Cummings, Rydholm and Godreau, and their all around ends, Grady and Soholiski.

The lineup—Grady (capt), Savage, Brown, Rydholm, Super, Cummings, Rydholm and Godreau, and their all around ends, Grady and Soholiski.

The lineup—Grady (capt), Savage, Brown, Rydholm, Super, Cummings, Rydholm and Godreau, and their all around ends, Grady and Soholiski.

The outcome of the election is difficult to predict. Four candidates are now prominent: Walter Camp, Jr., left halfback; Jesse Spalding, right halfback; Holladay Philbin, fullback; and Douglas Homesier, right end. Camp and Spalding are the favorites for the lead and the victor is hard to predict.

**SIXTY-SIX H. MEN.**  
Massachusetts Had Forty of Those to Win Their Letter This Year.

Cambridge, Mass., Dec. 5.—Sixty-six Harvard men have been given the coveted H in football, baseball, track work and rowing during the present year, according to a statement given out tonight by the Harvard athletic council. Forty of the 66 men are registered from Massachusetts, while the locality to contribute the next largest number of H men is Hawaii, which has six to its credit.

**Fewer Automobile Contests.**  
New York, Dec. 5.—Automobile contests are falling off. It was brought out in the report of the contest board of the American Automobile association at the annual convention held today that during the past year the number of events had decreased fully one-third. The report said that automobile manufacturers, by cutting down the number of the most strenuous competitions. A return to events where amateurs are mainly the participants seems to be the general trend, according to the report. The old officers were re-elected.

is negotiating with several supply houses for their sweaters, which the team expects to get as souvenirs of the gridiron season. As soon as the sweaters are received, a meeting of the team is to be called to take action on securing the sweaters and at the same time the election of the captain and other officers for next year will take place.

**EVERY SECOND COUNTS**  
**IN BASEBALL PLAYS**  
Fast Time and Action in an Infield Double Play.

In an article on baseball in Everybody's Magazine the writer shows the wonderful speed that is used in making some of the plays. He says: "In making an infield double play, the pitcher is to be called to take action on securing the sweaters and at the same time the election of the captain and other officers for next year will take place."

To make a double play in the infield, the shortstop, for example, must field a ball that has been batted about 50 feet. He passes the ball from his feet to twenty feet to the second baseman who must then throw it ninety feet to first. All this while the pitcher is waiting for the runner to be thrown out. It is a snap play, as we have seen, it takes a runner to turn in 3-5 seconds. It's a close call and a case of utilizing the fraction of a second, but with sharp fielding the margin is all on the side of the fielders. The double play is the menace ever threatening the runner on first.

**DEWITT A WHALE.**  
Famous Princeton Kicker the Strongest Player Ever Hit by Yale Attack.

Dr. Al Sharpe, the old Yale back, claims that John DeWitt was the strongest man he ever saw under the attack of a combined Yale team. "I will let you know," said Sharpe, "He had the stuff such as few men ever possess. We shot two men, our best two, all the game at him. There was not a play where he was not brought down. That was the old game, fair and open. I will venture to say that every Yale player dove into him when they were during the game to hit him out and weaken him so that he could not lead the Tiger attack. Then just before the close of the game he was hit from the field at least four times. I have often wondered how many times he went to the earth, how many times he threw Yale men. He was a whale."

**Forward Pass Convicted of Failure.**  
The forward pass as a play has been on trial long enough, and apparently stands convicted of being a failure. In his opinion it has been a boy's play, because it generally involved a mad scramble for the ball. When it worked it looked brilliant and was given more credit than it is worth. Experts to the side or double passes have brought out more skill than the long gambling heave forward, and have always won with the forward pass tabbed and the distance to be gained in rushing regulated to a reasonable number of downs football has been the less spectacular than it has been in 1911, but on the contrary would cause a greater display of skill and consequently greater satisfaction for all.

**Suggestions for Uniform Traffic Regulations—Lights, Speed and Signals Among the Points Touched On—Road and Bridge Inspection.**

Traffic uniformity in all of the large cities throughout the country is of as much importance as the proper regulation of traffic. Motorists are constantly touring from one city to another, and where minor differences exist in the regulations of the various cities, the result is likely to be confusion, frequently embarrassing to the motorist, and sometimes a suspicion on the part of the authorities and the public that the visiting tourist is deliberately evading the municipal requirements.

This question was one of the important subjects under discussion at the recent road congress, and it was shown that the system which has been so carefully worked out in New York city is being used as the standard for municipal traffic regulations in many other places.

As a result of the discussion on road users' day at Richmond and with the view of drawing up a set of traffic rules which would be satisfactory to all classes and forms of city and public thoroughfares, the committee on regulations selected by the touring club of America recommended and secured the adoption of suggestions for traffic regulation.

Resolved, That the use in cities and villages of non-dazzling headlights on the drivers of horse-drawn vehicles, wherever the streets are inadequately lighted; and

Whereas, the highways within the cities, towns and villages are being dedicated to the public use; now, therefore, be it

Resolved, That all users of said highways should have the regard for the rights of other users, the pedestrian for the rights of horse-drawn vehicles, the drivers of horse-drawn vehicles for the rights of the drivers of motor vehicles, the drivers of motor vehicles for the rights of cyclists, the cyclists for the rights of equestrians, and one and all for the rights of each of the others; and be it further

Resolved, That the use of the muffler on the motor vehicle be discontinued, and in cities should be discontinued; and be it further

Resolved, That the unnecessary use of warning signals be avoided, and that an adequate warning signal should produce an abrupt sound, sufficiently loud to be heard under all conditions of traffic, and that it be except as a warning of danger, should

# LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent Life Insurance Companies, in an interview on this subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the larger majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty-cents and one-dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Norwich Daily Bulletin.

**Douglass All But Out.**  
New York, Dec. 5.—Jack Denning of New York won all the way from Ben Loughead of Newark, N. J., in a ten-round bout at Brown's gymnasium here tonight. In the fourth round Denning dropped Douglass with a hard left hook to the jaw, and in the last three rounds of the fight the New Yorker had Douglass all but out.

**Soldiers Accept Groton Challenge.**  
The Fifth Co., C. A. C., accepts the challenge from the Groton basketball team, and will play them in either town. They also want to hear from the Jewett City or Willimantic about games. Address Arthur Kumpf, 6 Carter avenue.

**Resolved, That in cities, towns and villages, slow moving vehicles should be required to drive closer to the curb in order that the faster moving vehicles may pass in the center of the thoroughfare; and, be it further**

Resolved, That in view of the fact that the motor vehicle is used for interstate communication, frequently passing through two or more states during a single day, uniform speed regulations should be adopted by all states and local authorities, such as cities, towns and villages, should be prohibited by law; and, be it further

Resolved, That in view of the rapid development of the commercial motor trucks for interstate use, the public authorities charged with the duty of building and maintaining bridges should be required periodically to inspect all bridges under their jurisdiction and post conspicuous thereto the wheel load they are capable of sustaining; and, be it further

Resolved, That in view of the unprecedented growth of interstate and intercity motor traffic for commercial purposes, a systematic and adequate placarding of roads by signboards giving directions as to towns and distances should be required by law, and such laws strictly enforced.

**RESTORS GRAY HAIR**  
TO NATURAL COLOR.

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded Gray Hair.

The old idea of using sage for darkening the hair is again coming into vogue. Our grandmothers used to have dandruff, gray hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair, and the tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, The Lee & Osney Co., 111 Main street.
